Summary

I have **1 year** of experience as a frontend web developer. I am always striving to improve my skills and knowledge. I am fortunate to work with committed and dedicated people who help me to reach my full potential.

- Experienced in designing user interfaces and professional web applications using core HTML5, CSS, SASS/LESS, Bootstrap, JavaScript, React, jQuery, and boilerplate development techniques.
- Experienced in responsive web development with a strong understanding of Bootstrap and Media Query.
- Experienced in designing and developing web applications and web contents that are optimized for search engines.
- Experienced in using testing tools to debug and optimize web pages, such as Firebug, Chrome or Safari web inspectors, and IE Developer Toolbar.
- Have a proven track record of identifying and fixing client-end performance and browser compatibility issues.

Technical Skills

- HTML5, CSS, SASS/LESS, JavaScript, Bootstrap, jQuery and React Js
- Responsive design
- Version control (Git)
- Testing and debugging
- Browser compatibility
- Web performance
